

Product advantages

We have a deep understanding of customers' most important needs for expandable container house, and provide customers with better house expansion solutions in terms of design aesthetics, final presentation effects, quality details, etc.

1. Exterior

2. Interior

3. Main Frame Structure

WEIGHT

Five tons, about the weight of an adult elephant

ROOF BEARING CAPACITY

Anti-Backlog 1.5KN/KW²

WIND RESISTANCE

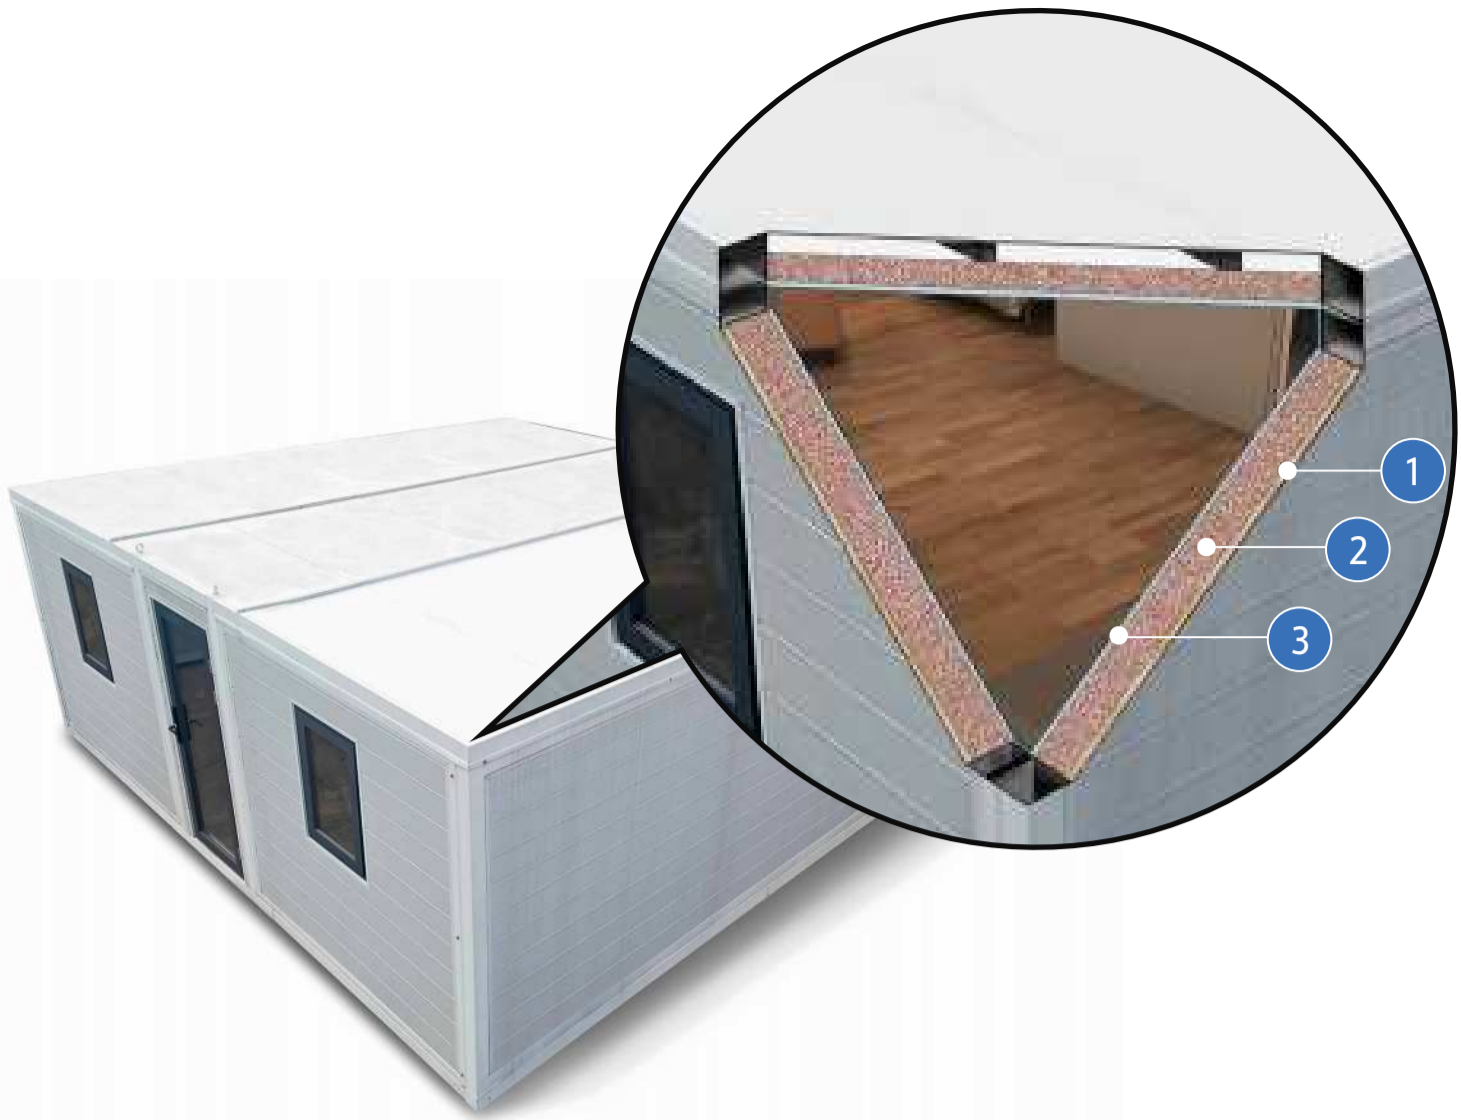

RESIST TYPHOON **LEVEL 16**
(Wind Speed \leq 250 KM/H)

ANTI-SEISMIC

RESIST EARTHQUAKES OF MAGNITUDE **8.5**

4. Wall

- 1 16MM thick metal carved plate
- 2 75MM thick Real gold plate composite color steel sandwich board
- 3 8MM Thick carbon crystal plate

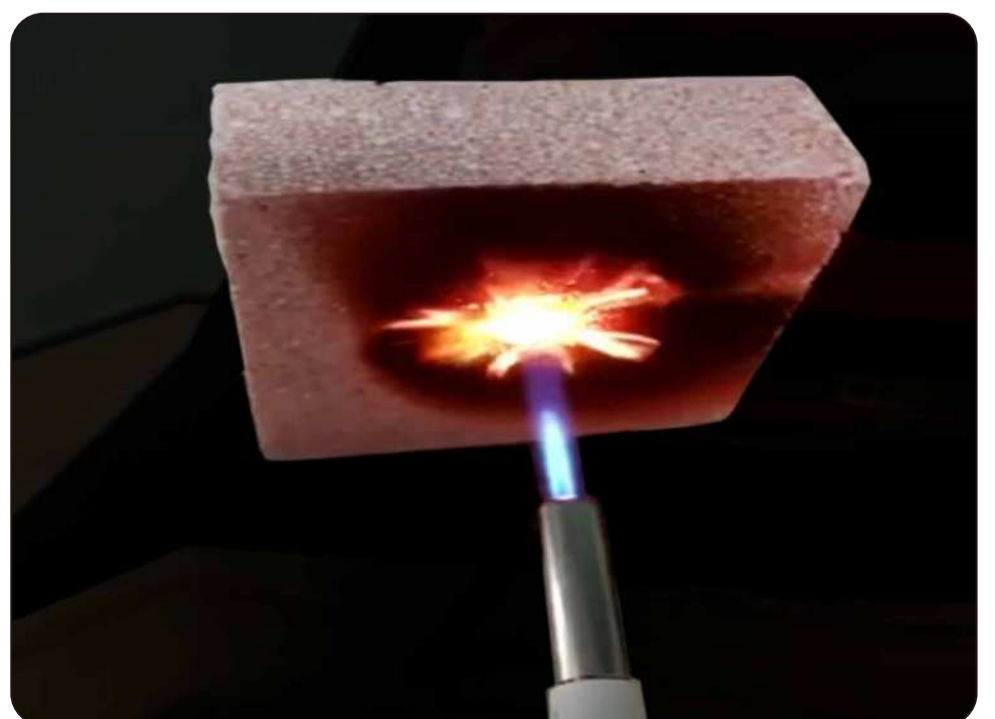

HEAT INSULATION
OUTDOOR 50 °C, INDOOR 25 °C

HEAT PRESERVATION
OUTDOOR -30 °C, INDOOR 20 °C

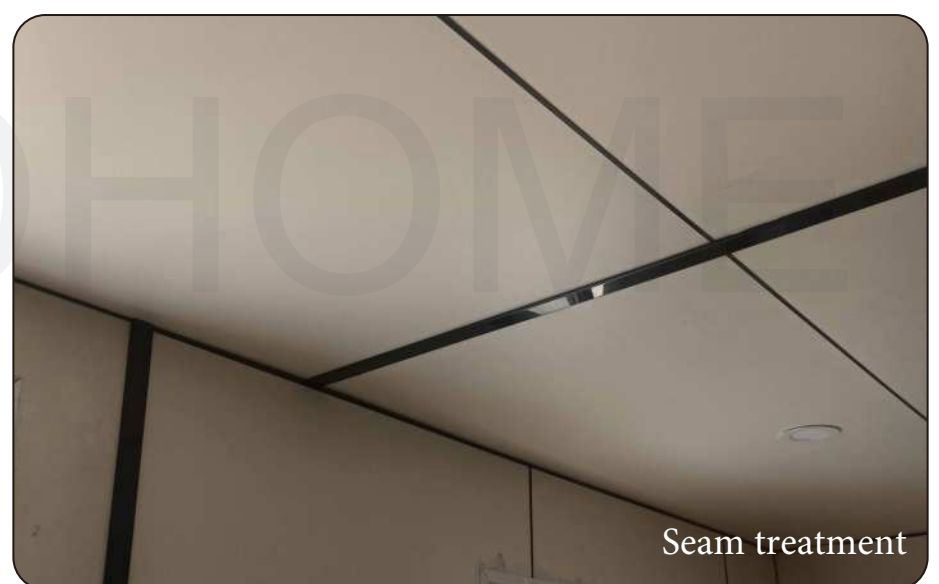

SOUNDPROOF
SOUND INSULATION ≥ 40 DB

FIRE PROTECTION
FIRE PERFORMANCE CLASS A

5. Interior decorative panels—— Carbon crystal plate

Carbon crystal plate color cards

(More color cards available)

Fabric Series

Wood grain series

High-grade gray series

Stone series:

Skin Feel Series:

6、 Exterior wall decorative panels——Metal carved board

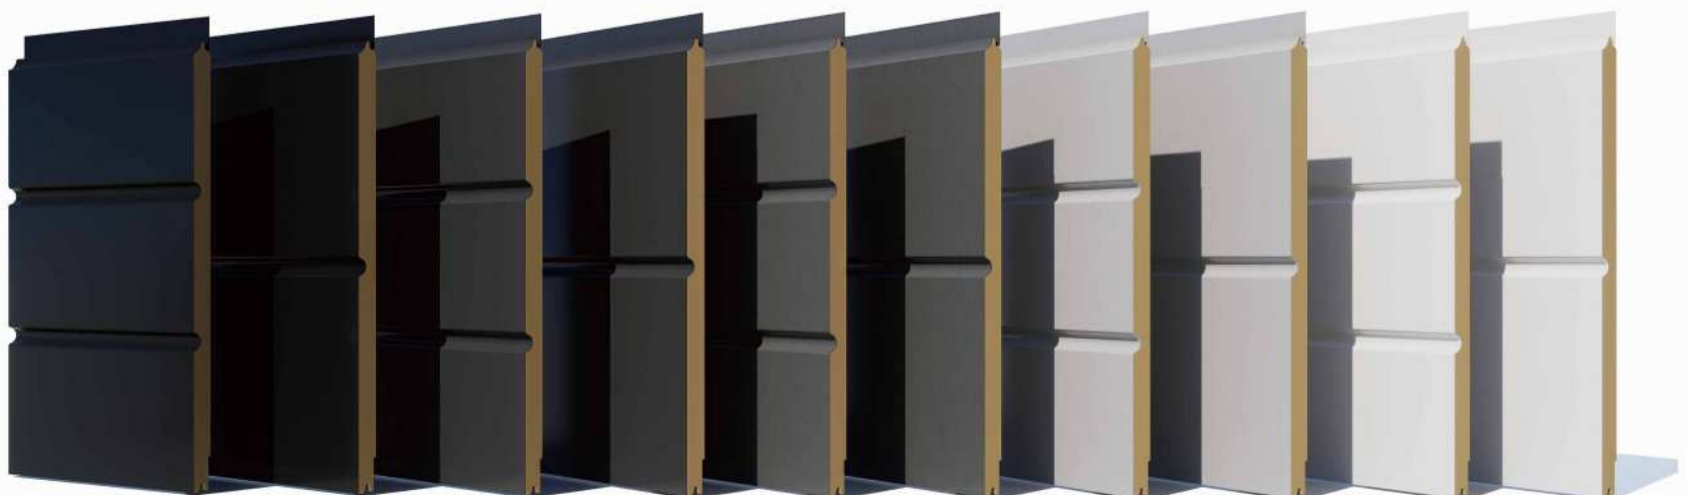

Metal Carved Panel Color Card (More color cards available)

Brick, stone and wood grain series:

High-grade gray series:

7、Roof drainage and leak prevention

- 1 Hot dip galvanized sheet
- 2 Full welding leak-proof treatment
- 3 Leak-proof treatment of water retaining groove at joints
- 4 Silicone leak-proof strip treatment

8、Ground frame structure

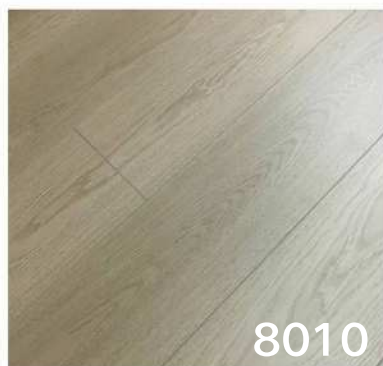

9、Internal floor——MFB mineral laminate flooring

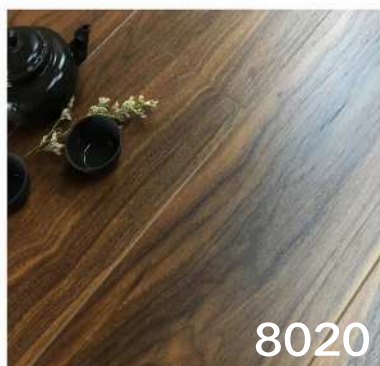

Waterproof, fireproof, insect-proof, wear-resistant, does not contain formaldehyde

10、 Bathroom

1)、 Bathroom facilities

1)、 Rock slab shower area

11、Kitchen Cabinets

Aluminum Cabinets

Washing dishes

induction cooker

oven

overall effect

Stone slab countertop

Countertop water retaining edge

12、Materials for circuit&electrical components

1)、Electric box、Air switch

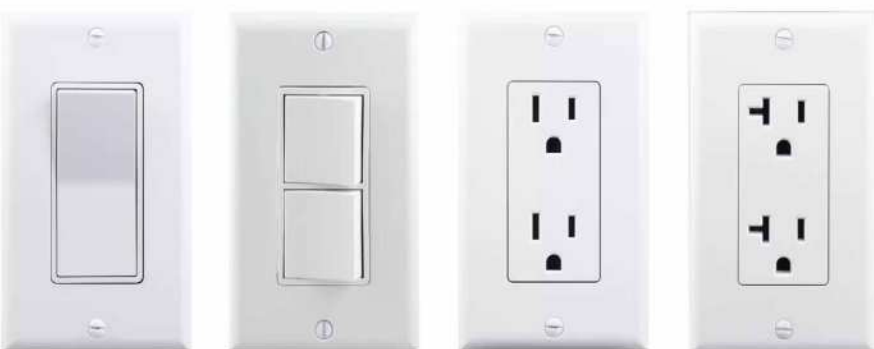

2)、Cable

3)、Switch、Socket

US Standard:

AU Standrd:

EU Standrd:

UK Standard:

13、Waterway materials

LESSO Alliance PPR hot and cold water pipes

LESSO PVC sewage pipe

14、 Water and electricity external connection

Quick connect aviation plug and socket

- ① 110 sewage connection port
- ② 50 Drain connection
- ③ Tap water connection

Water supply, drainage, sewage connection

15、Doors and Windows

1)、Entrance door——Broken bridge aluminum hollow glass door

Single door

Double door

Alphabet Gate

Class A security door

1 Broken bridge aluminum alloy profile

2 5+9+5hollow tempered glass

2)、Room door——Carbon crystal door set

3)、Bathroom door——Aluminum alloy frame glass door

4)、Window——Broken bridge aluminum hollow glass window

Top hung windows

Single casement window

Split casement window

Sliding Window

1 Broken bridge aluminum alloy profile

2 5+9+5 Insulating tempered glass

16、Furniture (Optional)
